

## Prepping for Story Map Workshop

### Part One:

1. Go to <https://github.com/brockmdgl/StoryMap>
2. Download the zip file which contains all images, basic outline document for the story map, a step-by-step tutorial and a CSV we will use to create a map.
3. Extract all files and note where the extracted files are saved (default is in DOWNLOADS directory).

### Part Two:

1. Go to Arcgis.com and create a public account.
2. Sign in to Arcgis.com
3. Click the MAP tab.
4. Click Add > Add layer from file
5. Browse to the CSV file previously unzipped in Part One (GPStoGeocaches.csv)
6. Click Open then Import Layer.
7. Select SHOW LOCATION ONLY
8. Click SYMBOL > Outdoor Recreation > treasure chest closed, size 25
9. Click OK and DONE.
10. Click SAVE > SAVE AS and provide a name for the webmap with appropriate tags ('geocache', 'Brock')

### Part Three:

1. Story Map tutorial
