What's the story?

Storytelling with ArcGIS Story Maps

Sharon Janzen, DSL/MDGL

Preparing for our story: Getting Data

- Go to https://github.com/BrockDSL/StoryMaps

- Download GeocachingStoryMap.zip

- Unzip the file and note the storage location

- What's in the zip file?

Preparing for our story: ArcGIS Online

- Go to https://arcgis.com

- Create a public account (if necessary)
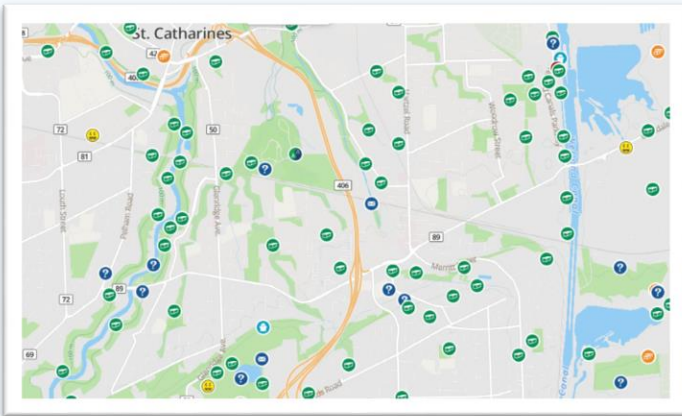

- Public vs. Organizational accounts

Preparing for our story: Make a map

- Sign in to https://arcgis.com

- Click Map tab

- Add Data > from file…

- Pay attention to Sharon

What is a "story map"?

- ArcGIS StoryMaps is a story authoring web-based application on the ArcGIS platform that enables you to share your maps in the context of narrative text and other multimedia content.

- Story Maps include maps, narrative text, lists, images, videos, embedded items and other media.

Preparing for our story: Once upon a time...

- Go to https://storymaps.arcgis.com
- Sign in using your public ArcGIS online credentials
- Pay attention to Sharon
